Nancy, Charlotte, and Louise. Here is what I have rec'd from OPPT to respond to your comments on the internal 2-page inventory of OCSPP PFAS past, current and future activities as well as OCSPP messages. I haven't made any changes.

I think that if the first two bullets under overview are still a problem, we should just take them out, since they are not essential for this assignment.

Linda

Hi Linda,

Attached is the revision to incorporate comments from Charlotte and Nancy. Please let me know if any questions.

Thanks,  
Hans
